PROFESSIONAL SUMMARY

UI/UX Designer with hands-on experience designing mobile app interfaces and user flows. Skilled in creating intuitive, user-centered designs using Figma. Passionate about improving user experiences through clean, functional design solutions.

SKILLS

Design Tools: Figma, Canva

UI/UX: Wireframing, Prototyping, User Research, Usability Testing

Frontend: HTML, CSS, JavaScript, Bootstrap

Concepts: User Flows, Design Thinking, Responsive Design

PROJECTS

Music On – Mobile Music App (UI/UX)

- Designed a mobile music streaming app focused on intuitive navigation and seamless user experience.
- Created end-to-end user flows simplifying onboarding and playback interactions.
- Developed wireframes and high-fidelity prototypes using Figma.
- Improved usability through clear visual hierarchy and consistent design patterns.

Movie Streaming App – Mobile UI/UX

- Designed a modern movie streaming interface to enhance content discovery.
- Created visually engaging UI with improved layout and typography.
- Structured content using categories and featured sections for better navigation.
- Built high-fidelity prototypes in Figma for interactive user flows.

PORTFOLIO & CASE STUDIES

Music App Case Study: <https://chaitanya23nune.github.io/uiuxportfolio/music-case-study.html>

Movie App Case Study: <https://chaitanya23nune.github.io/uiuxportfolio/movie-case-study.html>

EDUCATION

Master of Computer Applications (MCA)

Vels Institute of Science, Technology & Advanced Studies (VISTAS), Chennai | 2024–2026

DESIGN APPROACH

Followed complete UX process: Research → Wireframing → UI Design → Prototyping. Focused on usability, accessibility, and user-centered design principles.

SOFT SKILLS

Creativity | Problem-solving | Communication
